### **Public Notice: Water Use Restrictions**

Residents are advised that water conservation measures are now in effect.

To help preserve water resources, all outdoor watering (including lawns and gardens) is restricted to the hours of **8:00 a.m. to 4:00 p.m. daily, Monday - Friday**. Watering outside of these hours is not permitted.

Citizens are also encouraged to use water responsibly by:

- Avoiding unnecessary outdoor water use
- Repairing leaks promptly
- Using water-efficient practices in homes and businesses

Your cooperation is essential in ensuring a sustainable water supply for the entire community.

Thank you for your understanding and support.

Jennifer Harrison, City Manager
